COUNTY STATISTICS

County COVID-19 Statistics

County COVID-19 Statistics

San Mateo County COVID-19 Data Dashboard

Data up to and including November 23, 2020

Select time frame for case data:

Last 30 Days

Historical

Total Cases by Episode Date

Total Cases
13561

Cases by Sex

Female	6836
Male	6723
Other	1
Unknown	1

R-eff

1.10

- R-eff is the average number of people an infected person will infect
 - Represents rate at which COVID-19 is spreading
 - Value less than 1 means decreasing spread
 - Value greater than 1 means increasing spread
- Source: CovidActNow for 11/11, accessed via CalCat on 11/18

Total Deaths
170

Deaths by Sex

Female	85
Male	85

Cases by Age Group

Cases by Race/Ethnicity

Cases by Episode Date

Deaths by Age Group

Deaths by Race/Ethnicity

Because of limited testing capacity, the number of cases detected through testing represents only a small portion of the total number of likely cases in the County. COVID-19 data are reported as timely, accurately, and completely as we have available. Data are updated as we receive information that is more complete and will change over time as we learn more. Cases are lab-confirmed COVID-19 cases reported to San Mateo County Public Health by providers, commercial laboratories, and academic laboratories, including reporting results through the California Reportable Disease Information Exchange. A lab-confirmed case is defined as detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. Cases are counted by episode date; episode date is defined as the earliest of: case symptom onset date, sample collection date, date of laboratory result, or date of death. Deaths reported in this dashboard include only San Mateo County residents; death data last updated November 23, 2020.

BLUEPRINT FOR A SAFER ECONOMY

Blueprint for a Safer Economy

WIDESPREAD Many non-essential indoor business operations are closed	More than 7.0 Daily new cases (per 100k)	More than 8.0% Positive tests	
SUBSTANTIAL Some non-essential indoor business operations are closed	4.0 – 7.0 Daily new cases (per 100k)	5.0 – 8.0% Positive tests	5.3 – 8.0% Positive tests
MODERATE Some indoor business operations are open with modifications	1.0 – 3.9 Daily new cases (per 100k)	2.0 – 4.9% Positive tests	2.2 – 5.2% Positive tests
MINIMAL Most indoor business operations are open with modifications	Less than 1.0 Daily new cases (per 100k)	Less than 2.0% Positive tests	Less than 2.2% Positive tests

Blueprint for a Safer Economy

CALIFORNIA'S LIMITED STAY AT HOME ORDER

- All non-essential activities stop from 10PM-5AM
- Applies to all counties in purple tier
- Effective 11/21/2020 - 12/21/2020
- Activities from 10pm-5AM are often non-essential or gatherings that spread COVID-19.
- Reducing movement & mixing of households protects essential workers and dramatically slows spread, hospitalizations, and deaths.

SAFER HOLIDAYS AND TRAVEL

Safer Holidays and Travel

DO GOBBLE. DON'T GATHER.

Protect Yourself and Others
from COVID-19 this Thanksgiving.

**COUNTY OF
SAN MATEO**

**IF YOU DO GATHER,
KEEP IT:**

SMALL

Limit gatherings to your
immediate household

SHORT

Keep it no more than
2 hours

STABLE

Do not participate in
gatherings with
different households

SAFE

Outside is safer
than indoors

Safer Holidays and Travel

Nonessential travel, including holiday travel and vacations, are not recommended.

You can travel for urgent matters or if such travel is essential to your permitted work.

Do not travel if you are sick, with someone who is sick, or if someone in your household has had COVID-19 in the last 2 weeks.

If you travel outside the Bay Area, it is recommended that you self-quarantine for 14 days after your return.
